2016 capital credit checks for internet service have been mailed!

As a not-for-profit cooperative, Norris Electric is owned by the members we serve. When you pay your internet bill, you are accumulating equity in your cooperative.

One of the benefits of belonging to a cooperative is that any monies left over after expenses are paid are allocated back to the members in the form of

capital credits according to your internet package.

Checks were mailed out in the middle of May 2022. If you received internet service from Norris Electric Cooperative in 2016, you should have received a check. If you did not receive a check, feel free to call the office at 877-783-8765 or email capitalcredits@norriselectric.com.

ADD A LITTLE LIGHT TO YOUR NIGHT

There's no place like home - and at nightfall, you'll have peace of mind with a night light from your electric cooperative.

Nothing discourages a would-be burglar or trespasser like a brilliant night light. Today's night lights are brighter and more efficient than ever. And since the night light turns itself on at dusk and off at dawn, it's there when you need it, automatically.

A night light is an affordable way to provide safety and protection for your family and possessions.

Norris Electric offers the following night lighting:

73-watt LED outdoor light.....	\$7 per month
200-watt LED directional light.....	\$20.50 per month
1,000-watt metal halide directional light	\$31 per month

This cost covers installation, operation and maintenance of the light. The electricity the light uses is not metered and is included in the monthly fee. The only requirement is the light must be installed on a Norris Electric pole.

It's a great deal for our members! Contact our office at 877-783-8765 to sign up or visit our website at norriselectric.com to print a copy of the lighting agreement.
